

Driver Recognition Programs

Safe driving deserves recognition

We know how important it is for you to **reward your drivers for their safe driving record** and Zurich has a Driver Recognition Program that makes it easy for you to do **just that**.

The program includes:

- framed certificates, and
- specially designed recognition pins

The Zurich Driver Recognition Program can be used on its own or to supplement your customer's in-house reward program and the program can be used for both "for hire" and private motor truck carriers.

Milestone kilometres accident-free

Reaching one million, three million, or five million accident-free kilometres are milestones that deserve to be recognized. Zurich's Driver Recognition Certificates are a simple and effective way for you and your clients to acknowledge driver safety. Drivers will also receive a bronze, silver, or gold lapel pin depending on the level achieved.

Milestone years accident-free

We have expanded our Driver Recognition Program to include short-haul fleet. Short haul drivers will be recognized for milestones of 5, 10, 15, 20, 25, and 30 years of safe driving with a certificate and a lapel pin denoting the years they have driven accident-free.

How to access:

- Simply complete the request form which is available on our website at www.zurichcanada.com
- Send to broker.assist@zurich.com and Zurich will take care of the rest

Driver recognition certificate request
